Bunker Hill 3001(Lot29)

Sired by BH 2910 our Lot 28 yearling ram. He has EBVs of PWW 7.6, EMD .8, Fat -1.9 and Carcass Plus index 153. He is our best son of BH2910 and offers a lot of eye appeal to go

along with excellent EBVs..

Bunker Hill 3002 (Lot 30)

Sired by BH2895 our Lot 27 yearling ram. BH 3002 has EBVs of PWW 6.2, EMD 1.4, Fat -1.6 and Carcass Plus index 153. We are not sure we have ever raised a thicker, more compactly built ram and not exactly what we expected from his more extended sire.

Single-Bred Black Face (Plus) Hornless Yearling Bunk Hill Farm Bkt 1017 EBV's at the PW 65, EMD 19, Foot
